ABOUT ME

I am a second-year undergraduate in the Department of Industrial Management at the University of Kelaniya, Sri Lanka. My key interests include Supply Chain Management, AI-driven transformation, and Design, and I aspire to specialize in Supply Chain Management while exploring how technology can create smarter and more efficient business solutions.

EDUCATION

BSc (Hons) in Management and Information Technology (reading)
Department of Industrial Management | University Of Kelaniya

PROJECTS

- SafeFlame – Smart Gas Detection System**
Developed a smart gas detection system. Achieved 1st Runner-Up in the Marketing Category at InCo 2026, organized by the Department of Industrial Management, University of Kelaniya.
- Task Management System**
Developed a system using Node.js, Express, PostgreSQL, and Prisma ORM, with secure JWT and bcrypt authentication.
- TimeKids Preschool Management System**
Individual Software Development Project
Currently developing a preschool management system as an individual software project in collaboration with a client.

WORK EXPERIENCE

- People's Bank -Nittambuwa
